

# PIYUSH KUMAR SINGH

## Software Developer | Full Stack Developer

**Contact Number :** +91 9129860367, **Email :** ps261597@gmail.com , **LinkedIn:** linkedin.com/in/piyush-singh2005 ,  
**GitHub:** github.com/Piyush-singh-404 , **Portfolio:** github.com/Piyush-singh-404/JavaPortfolio .

### PROFESSIONAL SUMMARY

Final-year B.Tech Computer Science and Engineering student with a strong interest in Full Stack Development, Backend Engineering, and Artificial Intelligence. Experienced in building AI-powered web applications using React.js, Node.js, Express.js, and MongoDB. Developed projects focused on intelligent recruitment, resume analysis, applicant tracking, and AI-based emotion detection. Passionate about designing scalable software solutions, learning modern technologies, and solving real-world problems through innovation and clean code.

### EDUCATION

#### **Bachelor of Technology (B.Tech) in Computer Science and Engineering**

Shri Ramswaroop Memorial University, Uttar Pradesh | CGPA: 6.60

2023 – 2027

#### **Senior Secondary (Class XII)**

Govt. Jubilee Inter College, Gorakhpur, Uttar Pradesh | 73%

2022 – 2023

#### **High School (Class X)**

Ramsevak Higher Secondary School, Kushinagar, Uttar Pradesh | 88.33%

2020 – 2021

### TECHNICAL SKILLS

**Programming Languages:** Java, C, JavaScript, Python

**Frontend:** HTML5, CSS3, React.js

**Backend:** Node.js, Express.js

**Database:** MongoDB, SQL

**AI & Machine Learning:** OpenAI API, Resume Parsing, Natural Language Processing (NLP), Computer Vision

**Tools & Technologies:** Git, GitHub, VS Code, MongoDB Atlas, Cloudinary

**Core Concepts:** Object-Oriented Programming (OOP), Data Structures & Algorithms, REST API Development, JWT Authentication, Full Stack Development.

### PROJECTS

#### **1. HirePilot AI – AI-Powered Applicant Tracking System**

**Technologies:** React.js, Node.js, Express.js, MongoDB, JWT Authentication, OpenAI API, Cloudinary

- Developing a full-stack AI-powered Applicant Tracking System with HR and Candidate portals to automate the recruitment process.
- Integrated AI-powered resume parsing, ATS scoring, candidate ranking, and interview question generation using OpenAI API.
- Implemented secure authentication, job management, application tracking, and cloud-based resume storage.
- Role: Project Lead – Designed the architecture and developed core backend and AI modules.

#### **2. RecruitIQ – AI-Powered Recruitment Management Platform**

**Technologies:** React.js, Node.js, Express.js, MongoDB

- Developed a recruitment platform for job posting, applicant management, and AI-assisted hiring.
- Role: Project Lead – Built backend APIs and implemented key application features.

#### **3. AI Emotion Detection System**

**Technologies:** Python, OpenCV, Machine Learning

- Developed a real-time facial emotion recognition system using computer vision and machine learning techniques.

#### **4. Smart Agriculture System**

**Technologies:** IoT, Web Technologies, MongoDB

- Developed a smart agriculture solution for monitoring farming conditions and improving resource management.

### CERTIFICATIONS & ACHIEVEMENTS

- Full-Stack Web Development Bootcamp – L&T EduTech (LearnKonnnect)
- Introduction to HTML, CSS, and JavaScript – L&T EduTech (LearnKonnnect)
- Real-Time Project Implementation – L&T EduTech (LearnKonnnect)
- Certificate of Merit – Secured 2nd Position in Kabaddi at Ullas 2K24 (Inter University Sports Fest), Shri Ramswaroop Memorial University (October 2024).
- Certificate of Merit – Secured 1st Position in Kho-Kho at Ullas 2024, Shri Ramswaroop Memorial University
- Certificate of Participation – Utsah'24 (Interdepartmental Event), Shri Ramswaroop Memorial University (January–February 2024).
